

Scholarships are granted each semester to recipients on the basis of financial need, including those with:

- Low Income
- Households with multiple students
- Special circumstances presenting a temporary financial hardship

In addition to financial need, consideration is given to those students who display dedication, dependability and preparedness. Each student on scholarship will be monitored through the duration of the semester to evaluate his/her commitment.

Possible disqualifying factors for future consideration:

- Dropping out mid-semester after scholarship funds have been allocated
- Consistent absences and/or tardies

If special circumstances apply, such as a family emergency or medical condition, please bring this to the attention of the Directors of Education

Private Lessons are considered “supplementary”, and are not eligible for financial assistance of any kind.

Available Financial Assistance for the Summer 2019 through Spring 2020 Academy Year:

- **Thelma Gaylord Academy Scholarship:** Any student displaying a need for financial assistance is eligible to apply. Dropping a class within the first two weeks may alter the amount of the scholarship originally awarded. Dropping a class after the drop date may result in disqualification from future scholarships
